

## LIGHTWEIGHT EVACUATION CHAIR SKID-OK/B

### FEATURES

- **Compact design** facilitates evacuation in narrower staircases
- **Reinforced tracks** offer increased control and smooth movement going down stairs
- **Ergonomic extendable handle** improves grip during stairway descent
- **Rear wheels Ø15 cm** reduce friction and make it easier to move patients across a flat surface
- **Pivoting front wheels** (Ø10 cm) with brake
- **Adjustable headrest** is fitted with head restraint strap
- **Adjustable reinforced seat** in PVC confers better comfort and is easy to wash
- **Footrest** provides greater stability and improves patient's blood circulation.

Model	SKID-OK/B
Frame colour	
Code	SK20002E

**SKID-OK** is a stair chair designed to evacuate people with mobility limitations during an emergency, when lifts are unavailable or out of service. Complying with the EU Medical Device Regulation (MDR), this chair provides a smooth, quick and safe evacuation for both the patient and the operator.

**Skid-OK B with armrests** is ideal for very narrow staircase evacuation due to its smaller size and lower weight. Clear graphic instructions are available on the back of the headrest.
