Available models	SPENCER 402/3
Available colours	
Codes	ST00402B

SPENCER 402/3 is a folding transport chair of the Compact series **with three wheels that offers great maneuverability in confined spaces.** Thanks to its compact size and low weight, it can also be used on ambulances or to integrate evacuation systems, in public and private buildings, in railway stations, airports and ports.

The locking system allows a considerable reduction of the overall size of the chair to such an extent that it is possible **to store the Spencer 402/3 in cabinets.**

It has a sturdy frame and telescopic front handles that make it easy to transport. Rear handles and armrests are built from a single piece of metal allowing to reduce the weight of the device.

TECHNICAL DATA

Length with retracted front handles	74 cm
Length with extracted front handles	104 cm
Width	53 cm
Height opened	84,5 cm
Height when folded	62 cm
Thickness when folded	18 cm
