Patient armrest	n.a.	●
Codes	ST30455A	ST40455A

SPENCER 455 is a folding transport chair of the Profile series, ideal for moving patients from the emergency area to the ambulance or other vehicles, especially in cases of limited mobility. **It is certified 10G when attached with the C-Max fastening system.**

Characterised by its reduced size and lightweight, it is particularly maneuverable and can be easily unfolded by applying light foot pressure to the frame. It has a sturdy frame and telescopic front handles with folding grips to reduce storage space and improve patient comfort. It also has four folding rear handles and a centralized brake on the front wheels. **Spencer 455/B version** is equipped with armrests.
