

PICK-UP STRETCHER SXR RED KEY 2 BLADES

FEATURES

- It can be **uncoupled** and **extended** to minimize patient handling and adaptability to different body sizes
- It can be adjusted to **4 different lengths**
- The aluminium construction is **lightweight**, **ergonomic** and **durable**
- **Large handholes** facilitate lifting and patient transport
- It is **foldable**, easy to carry and storage-friendly.
- Exposed central area makes it easier to carry out **radiographic checks**.

SPENCER SX is a pick-up stretcher designed to scoop up the patient eliminating log-roll manoeuvres. Built in aluminium for better resistance, this certified device can be uncoupled on either or both ends and adjusted to 4 different lengths to accommodate patients with different body frame.

The adaptability of SPENCER SX in length and width reduces the need to move the patient's cervical spine, minimizing the risk of further injury.

The stretcher is lightweight, foldable and ergonomic and ideal for any kind of rescue situations (sports, road, mountain, military). Spencer SX comes with 3 restraint belts with quick-release buckles.
